

S6 Plus

500 GPD Tankless Undersink RO Water Purifier

The superior option to tap water, this premium four-stage reverse osmosis system delivers top-quality drinking water right to you. Its advanced contaminant removal makes it perfect for drinking and cooking. S6 Plus provides 500 gallons per day of clean, refreshing water at a constant flow rate for residential and light commercial use. Easy to operate and reliable. Low operating cost.

1.25 L/min
Flow Rate

1.5 : 1
Drain Ratio

Dual
Water Outlet

Tankless

More compact, and produce fresher water. Taking up less space and purifying water as it is needed.

Long-lifetime Purification

The RO filter lasts up to 36 months. Removes 99% of contaminants from incoming water supply.

Slim & Stylish

Space saving design allows it to be installed under the sink, and fit in limited kitchen space.

Care Free

System performance indicators. Overworking protection prevents the water purifier from water leakage.

Key Contaminants Removed:

particulates, chlorine, chromium, arsenic, virus, bacterial, phenol, pesticides, mercury, heavy metals, E.coli (97%)

Dual Water Outlet

Fast and stable water supply:
RO Purified water, Filtered water.

Filter-Change Reminder

Check the filter status on
the purifier at anytime.

Easy to Change Filter

Utilizes twist-lock filter
cartridges, no tools required.

Specifications

Model	J3306-ROB75
Water Capacity	500 GPD
RO Purified Water Flow Rate	75 L/h
Filtered Water Flow Rate	120 L/h
Inlet Water Temperature	5-38°C
Inlet Water Pressure	100-300 kPa
Filter & Service Life*	US Pro Composite filter, 12 months
	RO Filter, 36 months
	Patented AC filter, 18 months
Faucet Included	2-Handle lead-free stainless steel faucet
Voltage/Frequency	220 V/50 Hz
Power Consumption	60 W
Dimensions (mm)	W 400 x D 166 x H 398
Weight	8.7 Kg
QTY/ Container	20 GP: 480 pcs
	40 GP: 1000 pcs
	40 HQ: 1193 pcs

* Service life will vary according to flow rate, influent line pressure and local water conditions.
