

Vesuvi

400 GPD Bottleless Water Dispenser

The Vesuvi Bottleless water dispenser utilizes a 7-stage purification that effectively removes most of the water contaminants including dissolved and suspended solids, rust, dust, chlorine and heavy metals. Comes with a large-sized display with a beveled body for touch operation easily.

Cold

Ambient

Hot

Long-life Purification

The RO filter lasts up to 36 months. Removes 99% of contaminants from incoming water supply.

Better Tasting

The post AC filter improves the taste of water and inhibit bacteria growth effectively and continuously.

Smart Water Filling

The heating water tank will be full during peak water-use hours only.

Keep Water Fresh

Two drain water modes are timed and manually, ensuring fresh drinking water.

Care Free

Check filter status and TDS level on the display at any time; Boil-dry protection; Child safety lock for hot button.

Eco-Friendly

Turn on/off at a set time, reducing energy consumption.

Durable Design

The appearance is made of 304 stainless steel, resistant to rust.

UV Sterilization

Prevents microorganisms from reproducing, keeps water safety.

Compressor Cooling

Helps to prolong its life span, and save money on energy costs.

Specifications

Model	AHR2902-4030K1Y a
Water Supply	Cold, Ambient, Hot
Serve Users	≤100
Water Capacity	400 GPD
Cooling Capacity	4 L/h (≤10°C)
Heating Capacity	30 L/h (≥90°C)
Water Tank	RO Purified water: 6 L Cold water: 2.5 L Hot water: 18 L
Inlet Water Pressure	100-400 kPa
Filter & Service Life*	2 x US Composite filter, 12 months
	RO Filter 2.0, Months
	Patented AC filter, 18 months
Voltage/Frequency	220 V/50 Hz
Power Consumption	Rated power: 3300 W Compressor cooling: 90 W Heating: 3000 W
Dimensions (mm)	W 420 x D 495 x H 1505
Weight	58 Kg
QTY/ Container	20 GP: 48 pcs 40 GP: 96 pcs 40 HQ: 96 pcs

* Service life will vary according to flow rate, influent line pressure and local water conditions.
