

Wanaka 400G

400 GPD All-in-one RO Water Purifier

The Wanaka 400G high-efficiency reverse osmosis water purifier is designed to cleanse tap water from harmful contaminants, and provide refreshing, great-tasting drinking water. This long-lasting reverse osmosis system ensures that it will remove harmful pollutants such as chlorine residue, heavy metals, and bacteria. The box design makes Wanaka incredibly easy to place and use.

1 L/min
Flow Rate

1.5 : 1
Drain Ratio

Lead-Free
Faucet

3 Seconds
Filter-Change

Tankless

More compact, and produce fresher water. Taking up less space and purifying water as it is needed.

Long-lifetime Purification

The RO filter lasts up to 36 months. Removes 99% of contaminants from incoming water supply.

Slim & Stylish

Compact design allows it to be installed under the sink or over the counter top. Its design will not affect the interior style.

Care Free

System performance indicators. Leakage protection includes overwork protection.

Key Contaminants Removed:

particulates, chlorine, chromium, arsenic, virus, bacterial, phenol, pesticides, mercury, heavy metals, E.coli (97%)

Lead-Free Stainless Steel Faucet
Strong corrosion resistance. The purified water will remain clean.

Filter-Change Reminder
Check filter status on display at anytime.

3 Seconds Filter-Change
Utilizes pull-and-push sanitary filters for easy replacements.

Specifications

Model	J2730-ROB60d
Water Capacity	400 GPD
Flow Rate	60 L/h
Inlet Water Temperature	5-38°C
Inlet Water Pressure	100-300 kPa
Filter & Service Life*	US Pro Composite filter 2.0, 12 months
	RO Filter, 36 months
	AC Filter, 18 months
Faucet Included	Lead-free stainless steel faucet
Voltage/Frequency	220 V/50 Hz
Power Consumption	60 W
Dimensions (mm)	W 446 x D 164 x H 436
Weight	10 Kg
QTY/ Container	20 GP: 418 pcs
	40 GP: 845 pcs
	40 HQ: 994 pcs

* Service life will vary according to flow rate, influent line pressure and local water conditions.
